We encourage the lake community to come down to the clubhouse on Saturday from 10 am until 5 pm or Sunday from 9 am until noon to view the Art Exhibition. There are over 80 entries in a variety of categories from all types of artists. In addition, the Women's Club is hosting a dessert reception on Saturday evening, July 30th from 7 until 9 pm.

The Exhibit has been named in honor of Ed Cherny, who loved the lake, his family and neighbors and was a kind soul with a big heart. Ed was very instrumental in the creation and success of the two previous Culver Lake Art shows. Ed is missed by all.

ANCHORS FOR LIFE

Recently my son and I returned from a week long mission trip in Mexico with our church. There were around ninety of us working in five teams of fifteen with a team on full-time kitchen duty. During the course of the week we built five simple stucco houses, led a daily Vacation Bible School, and got a taste of life in the colonias on the outskirts of Tijuana.

The family we were working with was a young woman, Anna, and her seven year old daughter, Jenni. They had moved to Tijuana from Chiapas a number of years ago. The house that they were living in was unlike anything we would be familiar with. It was made of old garage doors and pieces of plywood roughly nailed together, with a tarp for a roof. It was no bigger than 80 square feet – many of us have larger bathrooms! The floor was dirt, and sloping down to the street, so it turned to mud in the rainy season. I could not imagine living like that. It seemed so different from anything I had experienced before.

One of our team members asked Anna why she had moved up from Chiapas, leaving family and community behind. She replied by saying that the conditions in Tijuana were ten times better than in Chiapas. It was at that point that many of us realized that, although she was living like this, although most of us spoke little or no Spanish, although we had wealth beyond her imaginings, we were exactly the same. Her dream, her hope, her vision, was to give her daughter something better. Isn't that what we all hope for our families?

My son is eight, and he really connected with Jenni. It was wonderful to watch them running around and playing together. They couldn't speak each others' languages, but through play, and pointing and touch, and learning one or two words, they communicated in ways that we adults could not. They were just the same, two children, enjoying one another, laughing and playing.

One of the most memorable moments was when my son said, "Dad, I haven't done any work today. I played with Jenni all day long!"

I told him how important it was to spend time with the members of the family, and that what he did was as important as building the house, or as Vacation Bible School. There were fourteen adults and two children on our team, all of us working hard, most of whom Jenni will most certainly forget, but I said to my son, "Gregor, Jenni will always remember the little blond boy who built her house for her!"

MEN'S CLUB NEWS

Another incredible night-Angelo's famous Spaghetti Dinner. A light tweak of perfection with his sweet and hot sausage accompanied by a warm friendly and family atmosphere really turns the clubhouse into a beautiful place to have an enjoyable evening.

Although Angelo was not available to attend the actual dinner itself this year, his efforts of preparation in days prior accompanied by a strong effort of volunteers led to the successful creation of the dinner we enjoyed.

In the days before an event like this, it is always a concern as to who will be available to contribute their help to this type of event. But almost without fail, there are always the true die-hards who just appear. There is also a great showing of new volunteers, which is encouraging for the future.

Once again thank you to Angelo for sharing his special talents and we hope to see all of you again next year for Angelo's famous Spaghetti Dinner.

As you are catching lots of fish this summer and taking lots of pictures of those beauties, please drop some photos of your catches in the basket provided on the Men's Club wall at the clubhouse to be included in future displays for the wall. It is a great way

to share your fishing experiences with others in the community.

There has been some interest in having a game night at the clubhouse (poker, backgammon, bridge, etc...) as a weekly event for both men and women. A response is needed. For those who have ideas and/or interest in this weekly event, please contact me at dael@embarqmail.com or call me at 973-948-6982.

Historical Happenings: (as reprinted from the September 4, 1981 Normanoch News)

We're here to stay!! That's right, Culver Lake, the Ski Club is growing stronger each week. In two short months, our membership has grown to thirty members. The addition of the slalom course proved to be the spark to ignite the interest of people on the lake who share our common goal, to ski and have FUN!

Plans are already underway for next season. The Ski Club intends to form a team and enter our top skiers in American Water Ski Association (AWSA) sanctioned competition. Early next summer, tryouts will be held for the Culver Lake Water Ski team which will travel to AWSA competition. Coaching will be available to anyone looking to improve his or her trick or slalom skiing by expe-

rienced competition skiers. The club hopes to put together a solid ski team, so if you've ever dreamed of making real spray in competition going for the gold, then come join our club and tryout for our team.

Watch the first issue of the 1982 Normanoch News for details on the club's planned activities, that already include an early season water ski show and free water ski lessons for non-skiers.

NORMANOCH ASSOCIATION BADGES

Normanoch Association Badges are issued to a specific person when being issued by the office. These badges are not interchangeable and should not be given to other members of your family or guests. If during a badge check at the clubhouse, it is discovered the badge is not the badge issued, it is a violation of your membership and could result in having to meet with the Board of Directors for revocation of the membership privileges.

BE AWARE OUT THERE

Dear Friends and Neighbors,

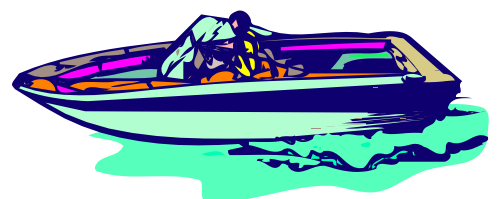

Heat Wave!! Did everyone heed the warnings that have been aired over the television to survive the exceptionally high temperatures? Most of all, did we check on our neighbors, especially the elderly?

As we walk or drive around the Lake, we can notice much construction and home repairs being done. Once again, former Sheriff Untig has offered some advice. He says:

BE SKEPTICAL OF THE FOLLOWING;

- Door-to-door salespersons, with no local references, that offer to do home repair work for less than market price.
- Solicitations for repair work from a company that lists only a telephone number or post office box to contact.
- Contractors who refuse to provide proof of licensing and insurance.
- Persons offering to inspect your home for free.
- Contractors demanding cash payments for the job, full payment before the job completion, or ask for checks payable to a person other than the owner or company name.
- Offers from a contractor to drive you to the bank to withdraw funds.

So, from the Culver Lake Crime Watch team, Always Be Aware Out There!

NOTES FROM THE OFFICE

Did you know – Proxy Card

Please, please review the instructions. Look at the label on the proxy itself and sign it the same as printed. If there are 2 names separated by a coma, BOTH must sign. If only one signs, it will be voided. If there is an “and/or” EITHER can sign the proxy. If your spouse has passed, sign your name and your spouses, however you must mark executor or executrix, and proper documentation must be returned to the office.

If you have any questions, do not hesitate to contact Mary Clare at (973) 948-4251.

YOUR VOTE IS IMPORTANT

Information about the stockholders’ annual meeting to be held on Saturday, August 6, 2011 will be in your mail very soon if you are eligible to vote at that meeting. You can vote if you were a stockholder of record at the close of business on July 15, 2011. Please read the information and send in your proxy promptly.

The mailing label on the back of your proxy form shows your name/s as it/ they appear on the corporate records. To be valid, the proxy should be signed just that way. If stock is owned jointly, each person should sign. One person should not sign both names. If an owner is deceased and the stock has not yet been transferred on the corporate records, the deceased person’s legal representative, executor or executrix, can sign for the deceased and should send a copy of the surrogate’s certificate or other document appointing him or her with the signed proxy form. The number under your name and address indicate the number of shares in that name.

When your proxy form is properly signed, dated, and returned, the share/s it represents will be voted by the Board of Directors of the Normanoch Association, Inc. as explained on the form and in the information you will receive with it. Giving the board your proxy means that you designate the majority of directors to vote in your place at the annual meeting. That authorization can be revoked at any time before the voting on August 6th by any of the following methods:

1. written notice to the Corporate Secretary, Mary Clare van den Heuvel
2. issuing a subsequent proxy
3. attending the annual meeting and personally casting your ballot at that time.

Please be sure to vote and to attend the meeting.

Nominations for the Board of Directors for the 2011 Stockholders Meeting

John F. Colyer has been a full time resident of Culver Lake since 2009 moving from North Arlington, NJ after 40 years there. He is a retired optician, owning his own business for over 35 years. John, his children and his grandchild all enjoy fishing, swimming and boating on Culver Lake. John can often be seen walking his yellow lab “trapper”. As a member of the Board of Directors, he wishes to keep the lake and its surrounding areas ecologically sound and use his life experiences to help keep Normanoch financially stable, while preserving the lakes natural beauty.

Richard Ferlauto has been coming to the Lake for 25 years. His parents bought their house on the West Shore in 1986 and Rich became a summer kid of Culver Lake. In 1991 Rich’s parents moved full time to the lake where Rich became a year round resident graduating from High Point High School. In 2000 Rich moved off the lake to take a job for the Long Island Rail Road where he is still employed as a Senior Safety Officer. In 2003 Rich bought the house next door to his parents and is a summer resident again. In 2007 he invited some friends to the lake and that’s when he met his future wife Kim - they were married in 2009 at the Christ Union Chapel and had a great party at the clubhouse. Rich and Kim winter in Summit NJ. Rich has just finished filling an unexpired term. As a member of the Board of Directors Rich wants to make sure all future members of the Culver Lake Community enjoy the same experiences he has had on Culver Lake.

Richard Hamilton is originally from Bergen County and had summered at both Lake Owassa and Culver Lake since childhood. Dick is a retired builder and developer. He and his wife, Cecile, became year round residents on the East Shore in 1989. He was the lake committee chairman from 1987 to 1991, President from 1991 to 1993, and a director from 1995 to 1999 and again from 2000 to 2003. Dick is currently finishing his first term.
